

ExoCode/src/Config.h

```
graph TD; A[ExoCode/src/Config.h] --> B[Arduino.h]; A --> C[LogLevels.h];
```

A diagram showing a header file 'ExoCode/src/Config.h' at the top. Two blue arrows point from this header to two other header files below it: 'Arduino.h' on the left and 'LogLevels.h' on the right. The 'Arduino.h' box has a light gray background, while the 'LogLevels.h' box has a white background. All boxes have a dark gray border.

Arduino.h

LogLevels.h
